

WHAT'S THE PLAN?

Easy access to mapped data in the EU

3 March 2014 - The technical team of the plan4business project has finished a code camp in Darmstadt. Improvements on the plan4business apps have been made. The major changes have been made to the Location Evaluator. Users can easily switch on and off thematic layers and have them as a context for visual analyses.

<http://www.whatstheplan.eu/evaluator/>

Try the Location Evaluator and analyse the area of your interest!

Please send us your feedback@plan4business.eu.
